NO TRUTH IN THE REPORT

J. J. Hill Denies That His Big New Steamships Have Been Sold to Russia.

THE MINNESOTA AND DAKOTA

Story Had Gone the Rounds That Broker Had Arranged for the Disposal of the Vessels.

New York, Sept. 8.—Reports are in circulation—supposedly emanating from trustworthy sources, says the Herald, that two of the largest steam vessels ever built on this side of the Atlantic have been sold by James J. Hill to the Russian government. The ships in question are the Minnesota recently completed, and the Dakota, now on the stocks at New London, Conn. It was even stated that a local ship broker was to receive a commission of \$55,000 for conducting the sale. When asked about the reports, Mr.

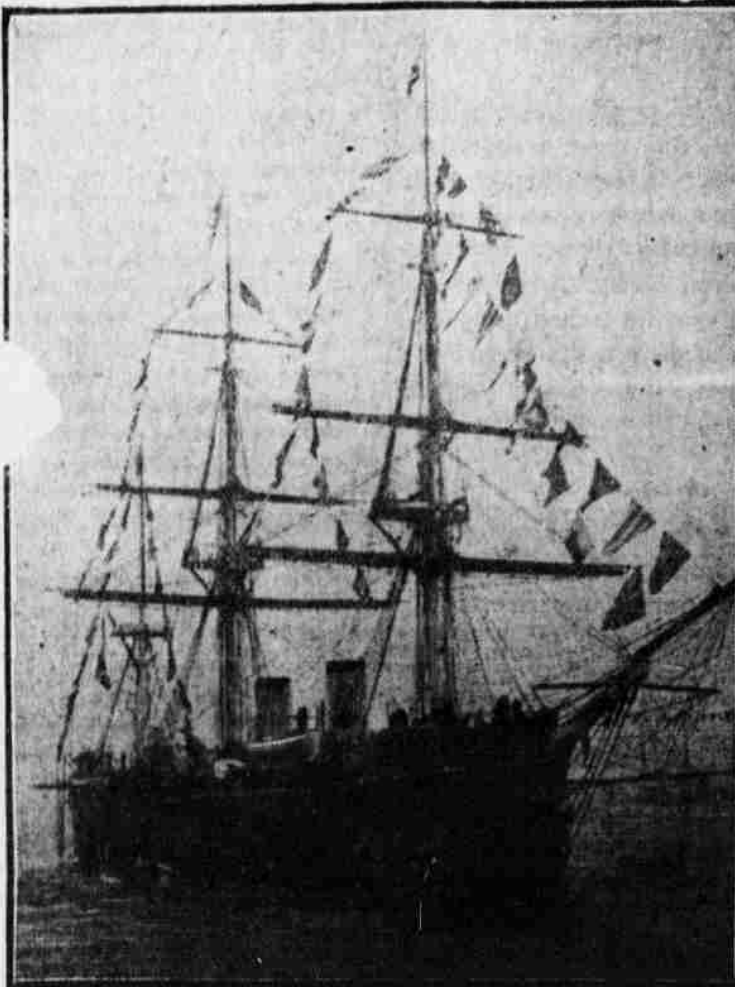

issued in behalf of any person claiming the right to enter or land in the United States as a citizen thereof, the writ shall, unless otherwise ordered by the court, direct that the custody of such person shall not be disturbed pending the determination of the proceedings under the writ but the person having such alleged citizen in custody shall, when required so to do, bring him before the court and when his presence is no longer required before the court he shall be immediately returned to the custody of the person so producing him."

Heretofore when a writ of habeas corpus has been issued on behalf of a Chinese in the Chinese shed the applicant has been taken to the county jail to await a hearing. During the period of detention the United States government has paid for the prisoner's care and board. Under the new order the steamship company must continue to board the immigrant in the detention shed and the government will thus save thousands of dollars yearly.

PRICES ARE REDUCED.

Good Business in Structural Iron Says Iron Trade Review.

Cleveland, Sept. 8.—Relating to the condition of the iron market at large, the Iron Trade Review this week says: The uncertainty that for weeks has been an embargo on business in in-

RUSSIAN CRUISER CONSKI.

Hill declared emphatically that they were untrue.

OBJECT TO DUTY.

Importers Claim Radium Is Crude Material.

New York, Sept. 8.—Radium for the first time in this country has become the cause of a customs controversy. Protest has been made against the payment of a 25 per cent ad valorem duty on the grounds that radium is not a chemical compound, but as a crude mineral should be admitted free.

A meeting of the board of United States appraisers will be held next Tuesday to consider this difficult question and several experts will testify. The consignment over which the protest was made is valued at \$1000 and weighs only a few grains, so that, even if the importers win their case no great reduction in the price of radium is expected.

MUST STAND EXPENSE.

Government Will Not Board Chinese Claiming Citizenship.

San Francisco, Sept. 8.—United States District Judge Dehaven has made an order with reference to the custody of Chinese immigrants who seek admission as native Americans, to the following effect:

When a writ of habeas corpus is

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herplide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herplide." Besides, Herplide is one of the most agreeable hair dressings there is. Herplide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herplide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herplide Co., Detroit, Mich.
